

About Alkem

Five decades of making a difference, forever to go

Fifty years ago, Alkem penned the first chapter of a remarkable journey with the vision of transforming India's pharmaceutical sector. Today, with a footprint in 40 countries, 19 manufacturing units, over 800 brands, and many, many milestones later, we have an assemblage of tales enriched with pioneering work. Alkem is one of the biggest names in the generic and speciality pharmaceutical sector in India. Our legacy is a testament to the sheer hard work, perseverance, and grit to take the path with barely any footprints and a lot of latent potential to make a difference. A single step, a single idea, led to Alkem – a journey driven by our commitment to people, innovation, and service to the community.

Making an impact that lasts

Consistently ranked amongst the top ten pharmaceutical companies in India, we embrace the responsibility of making a remarkable impact on people's lives. Our portfolio includes eminent brands like Clavam, Pan, Pan-D and Taxim-O, which feature amongst the top 50 pharmaceutical brands in India.

The voices of Alkem

"As a socially responsible company, we are committed to improving economic and social outcomes in the communities where we live and work." **Basudeo N. Singh, Executive Chairman**

"Alkem recognises and respects the interconnection between business growth and the needs of society. We are supporting communities through local actions and initiatives in the areas of education, health, and rural development. Our endeavour is to improve the quality of life of underserved people and to empower them to take charge of their own lives." **Sandeep Singh, Managing Director**

Investing today, for a healthier tomorrow

At Alkem, our path is clear and so is our purpose. With over 500 scientists working in 5 global R&D centres, we are empowering innovations that perpetually reinforce our philosophy of 'Extended Lifecare Beyond Boundaries'. This philosophy is at the heart of everything we do. It is driven by our uncompromised integrity, unparalleled solutions, commitment to innovation, and upholding the highest standards in safety and performance. This is what sets Alkem apart – the roots of great intent enhanced by an incredible team of visionaries. With units across the nation, leaders with diverse backgrounds, and scientists from various parts of the world,

everyone at Alkem is united by the same ardour to reciprocate the faith in our products with the promise of good health.

Manufacturing Facility

We as an organization focus on ensuring high quality, and that reflects in all our operations. Alkem's manufacturing operations focus on producing generics, branded generics, over-the-counter (OTC) products, Active Pharmaceutical Ingredients (APIs), and nutraceuticals. These are available in a full range of dosage forms, which include tablets, capsules, injectables, powder for oral suspension and liquids. This helps in furnishing quality formulations in India as well as 40 plus other countries.

We have state-of-the-art facilities that employ cutting-edge manufacturing techniques for producing the best-in-class products. Alkem has an extensive manufacturing footprint which has a total of 19 manufacturing facilities, out of which 18 are in India and 1 are in the United States of America.

We have various manufacturing facilities at Daman, Baddi, Indore and Sikkim. These possess regulatory approvals from agencies such as USFDA, MHRA - UK, TGA - Australia, ANVISA - Brazil, WHO - Geneva, TPD - Health Canada, PPB - Kenya, NDA - Uganda, MOH - Sudan, INVIMA - Colombia, TFDA - Tanzania, Zimbabwe, BfArM-Germany, SAHPRA-South Africa, and other African, Asian and CIS Countries. The facilities are audited by relevant regulatory agencies of the countries where products are marketed.

Our Production Team has over 3,000 capable individuals, who work in tandem with the Quality Team to deliver top-quality products. Our management furnishes adequate resources to ensure quality deliverance. All manufacturing units are equipped with Quality Control Units that assure quality at each stage.

Manufacturing Facilities & Capabilities in India

Facilities	No. of Facilities	Manufacturing Capabilities
Baddi	3	Formulations – Tablet, Capsules & Dry Syrup

Daman	3	Formulations – Tablet, Capsules, Dry Syrup & Liquid
Sikkim	7	Formulations – Tablet, Capsules, Injectables, Dry Syrup, Respules, Oral Liquids, Neutraceuticals & WFI
Mandva	1	Active Pharmaceuticals Ingredients (APIs) & FOS
Ankleshwar	1	Active Pharmaceutical Ingredients (APIs)

Indore	1	Formulations – Capsules, Tablets, Dry Syrup, Ointment
Pune	2	Biosimilars

Manufacturing Facilities & Capabilities in the US

Facility	No. of Facilities	Manufacturing Capabilities
California - Norac	1	Active Pharmaceutical Ingredients (APIs)

We are moving towards automation of processes which results in optimum utilization of resources, Cycle time reduction & maximum capacity utilization. We have introduced electronic Log books & batch cards in international manufacturing plants & this helps in avoiding manual transcriptions & errors. The technical training center is operational at Daman which is helping us to provide adequate training with practical experience.

Alkem Generics

In the year 2000, Alkem launched a separate division- Alkem Generic dedicated solely for the marketing of trade generic drugs.

Currently under the Alkem Generics cluster there are four divisions-Futura, Maxxio, Novokem & Alkem Healthcare.

Futura, the flagship division of the Generic cluster is well known for creating iconic brands like Omee, Almox, Alkof and Aldigesic spanning varied therapies like gastro, ant-infectives, cough & cold and pain and fever.

Launched in 2013, Maxxio division too has made its mark in the generic market and brands like Lycolyfe, Ketokem and Pamagin are well known across the country.

Novokem division launched in 2017 has carved a niche for itself in the OTC-Trade Generics space. Brands like Pregakem, Playgard, Orogard have garnered huge consumer acceptance.

Alkem Healthcare launched in 2021 is the latest addition to the Alkem Generic cluster.

The division has a wide range of injectables and Derma products.

Today Alkem Generics is the Numero Uno Player in the Trade Generics market with wide network of CFAs, Super stockiests and Stockists pan India.

Pregakem – Pregnancy Detection Kit

Pregakem is a quick and easy-to-use pregnancy detection kit from the house of Alkem. Pregakem allows one to confirm pregnancy. It is done by detecting the presence of the pregnancy hormone hCG. Alkem firmly believes in the idea of embracing parenthood and propagates it through Pregakem.

Playgard Condoms

Playgard is the first condom brand in India to launch super-dotted condoms. Super dotted condoms have 50% bigger dots than regular dotted condoms. Playgard Condoms are available in multiple variants including regular dotted, ultra-thin, multi-texture, super dotted, and more time condoms. To know more about Playgard Condoms, visit playgardindia.com

Livoerb

Livoerb is a quality hepatoprotective tonic from the house of Alkem. Livoerb helps in liver cleansing and improves appetite. It is an Ayurvedic medicine and is available in multiple variants - Livoerb Syrup, Livoerb DS Syrup, Livoerb Sugar-Free, and Livoerb Zyme.

Alkof Cough Lozenges

Alkof Cough Lozenges are used to treat Sore Throat, Dry Cough & Voice hoarseness. It kills the bacteria which are associated with itchy throat irritation due to infection.

Orogard Mouth Wash

Orogard Mouth Wash is an oral hygiene product that is used for rinsing the mouth. It is an effective antiseptic, anti-plaque, and anti-cavity formula that removes oral debris. It helps suppress bad breath and refreshes the mouth with a pleasant taste.

Omee MPS

Omee MPS Oral Suspension is used in the treatment of acidity, bloating, and stomach ulcers. It helps by relieving symptoms such as stomach pain or irritation. It also helps in neutralizing and releasing excess gas in the stomach.

OMEE-G POWDER

Omee G Powder provides fast and effective relief from gas, acidity, and indigestion. It assists in providing immediate relief by neutralising the acid in a matter of seconds.

Omee Fizz Effervescent Tablet

Omee-Fizz Tablet contains Alpha-Amylase, Papain, and Simethicone and it is used for digestion, gas, and bloating. It also relieves stomach discomfort, regulates bowel movements and reduces intestinal gas.

Ketokem-Z Anti-Dandruff Shampoo

Ketokem-Z Anti-Dandruff Shampoo contains Ketoconazole and Zinc Pyrithione which belong to the group of medicines called antimicrobials. It is used to treat and prevent dandruff and fungal infection causing dry or oily scaling of the scalp.

Alkem Generics

Brand	Therapy Area	SKU	Strength
-------	--------------	-----	----------

AB MAL	INJECTABLES	ALKEM DEXA 20	Dexamethasone 4 mg/ml
ACECLOCACH	Pain & Anti-Inflammatory	ACECLOCACH TABLETS (10'S)	Aceclofenac 100 mg, Paracetamol 325 mg
ACEDAY	PAIN & ANTI- INFLAMMATORY	ACEDAY-P TABLETS (10'S)	Aceclofenac 100 mg, Paracetamol 325 mg

ZURACEF CV	ANTI- INFECTIVE	ZURACEF CV 200 TAB. (NEW ARTWORK)	Cefixime + Potassium Clavulanate tabs
ZURACEF-OF	ANTI- INFECTIVE	ZURACEF - OF DRY SYRUP (30 ML) WITH WFI	Cefixime IP 50 mg + Ofloxacin IP 50mg
ZURACEF-OF	ANTI- INFECTIVE	ZURACEF - OF TABLETS (10's)	Cefixime 200 mg + Ofloxacin 200mg

Therapies offered by Alkem

1. Anti Infective

Anti-Infective is a Therapy Area (TA) that constitutes over 11.8% of the revenue of the total Indian Pharmaceutical Market (IPM).

Alkem holds the number one place in the sector of anti-infective TA with a wide range of medicines that fight against different kinds of infections.

We have expertise in an impressive range of formulations that includes tablets, dry syrups, and sterile dosage forms.

From the outset, brand building has been the greatest strength of Alkem. This has enabled us to become the only company with 9 anti-infective brands featuring among the top 300 brands of the Indian Pharmaceutical Market. It has played a pivotal role in propelling Alkem to the summit of anti-infective TA.

Some of the highlights of Alkem's Anti-infective portfolio are :

- CLAVAM, TAXIM-O, TAXIM, PIPZO, MEROSURE, ZAXTER, SWICH, XONE & XONE-XP, the pillar brands of Alkem in anti-infective are the key contributors to Indian Pharmaceutical Market.
- Redefined paediatric infection management with launch of Merosure-O DS (Feropenem).

2. Anti-Osteoporosis

Osteoporosis means porous bones. It is a silent disease, as bone loss initially occurs without any symptoms, and is usually diagnosed after bone fractures.

Osteoporosis is an outcome of an imbalance between the bone-making and bone-breaking processes in the body. It is common in both women and men, and the chances to get diagnosed with it increase with age.

Elderly women are more likely to suffer from it because the reduced oestrogen levels after menopause contribute to a rapid decline in bone mass. Patients with a history of a previous fracture have an 86% chance of getting a second fracture.

According to a study, 1 in 3 post-menopausal women will have an osteoporotic fracture in their lifetime. (Source: National Osteoporosis Foundation)

Osteoporosis management requires a balanced diet (Calcium, Vitamin D, Mineral enriched), exercise, along with adopting healthy habits like avoiding smoking and drinking alcohol.

It's a silent disease but we at Alkem heard and understood what the patients needed and took early initiatives:

- To raise social awareness about osteoporosis with the help of various patient educational media- patient education leaflets, posters, newspaper articles, and patient educational meets.
- For disease diagnosis and prevention - To pin down the disease at an early stage, Alkem organised various osteoporosis detection camps across India at rural, district, and metro city levels.
- For disease prevention - Alkem introduced various brands like the GEMCAL range (Calcium) and UPRISE range (Vitamin D3) to meet dietary insufficiency associated with Osteoporosis.

Alkem further introduced anti-resorptive therapies - GEMFOS (Residronate), GEMIDRO (Ibandronate), and GEMDRONIC (Zoledronic acid) injections—to prevent bone loss.

For patients with severe osteoporosis and at a high risk of fractures, Alkem entered the biosimilar segment and introduced GEMTIDE (Teriparatide) – an anabolic injection, for building new bones and Denu (Denosumab injection 60mg/ml) for persistent bone protection.

Today, with the help of strategic initiatives, Alkem is continuously innovating and working in the direction of osteoporosis – awareness, diagnosis, and management.

Early initiatives ...

- **To create social awareness about the silent disease**

with the help of various patient educational media- Patient education leaflets, posters, newspaper articles, patient educational meets.

- **For disease diagnosis & prevention -**

To pin down disease at an early stage, Alkem organised various osteoporosis detection camps across vast geographical areas across India at Rural, District & Metro city level.

- **For Disease prevention -**

Alkem introduced various brands GEMCAL range (Calcium), UPRISE range (Vitamin D3) to meet dietary insufficiency associated with Osteoporosis.

- **Further introduced Anti-resorptive therapies -**

GEMFOS (Residronate), GEMIDRO (Ibandronate), GEMDRONIC(Zoledronic acid) injection—to prevent bone loss.

- **For patients with severe osteoporosis & high risk of fractures, Alkem entered in to biosimilar segment &introduced GEMTIDE (Teriparatide) – An anabolic injection, for building new bones & Denu (Denosumab Inj 60mg/ml) for persistent bone protection**
- **Today with strategic initiatives & foresight, Alkem is continuously innovating & working in the direction of Osteoporosis – Awareness, diagnosis & management**

3. Cardiology

Cardiovascular (CV) disease is the leading cause of death and disability in India, and is a significant burden on healthcare. Key risk factors of CV diseases in India are hypertension, generalized obesity and altered lipid levels which are seen in 35.5%,

28.6% and 81.1% of adult population respectively. This CV disease epidemic in Indians is characterized by a higher relative risk burden, an earlier age of onset, higher case fatality and higher premature deaths compared to global counterpart^{1,2}. Thus, Cardiovascular therapy is the second largest Therapy Area (TA) following anti-infective. A quarter of all deaths in the country can be attributed to cardiovascular diseases. The burden of CVD is growing at a morbid rate. Therefore, cardiovascular therapy is the second largest Therapy Area (TA) following anti-infective.

Alkem is an emerging player in this TA. Our presence in Cardiology TA is through 2 divisions - Alkem Aspiria and Alkem Imperia. These help us in reinforcing our resolve to ensure healthier lives through quality care. We aim at emerging as the most significant name in the cardiovascular TA by paving the way for enhanced solutions for hypertension, dyslipidemia and thereby managing CV diseases holistically.

Some of our key brands are:

- Olkem (Olmesartan)
- Jupiros (Rosuvastatin)
- Cilnikem (Cilnidipine)
- Dabiclote (Dabigatran)
- Tsart (Telmisartan)
- TICAVIC (Ticagrelor)

4. Neurology

Alkem features amongst the top 10 companies in the Neuro/CNS Therapy Area (TA). Alkem features among the top 10 companies in the Neuro/CNS Therapy Area (TA). We offer therapy for Alzheimer's disease, dementia, stroke, migraine, epilepsy, depression, and neuropathic pain management. Over the last four years, we have significantly outperformed competitors through our phenomenal growth. Alkem CNS ranks 5th (AIOCD MAT June 19) and we are continuously surging ahead.

Our CNS portfolio has the following key brands:

- DONEP
- PENTANERVE NT
- CEHAM
- NEUROKEM NT
- NEWCITA
- BRIVASURE

- LEVENUE,
- MIGRABETA TR
- VALKEM OD
- MELZAP
- JOYKEM ODT
- ALKEPIN ODT
- NEXVENLA OD
- SIZLAC

5. Dermatology

Dermatology and Aesthetics has always been an important Therapy Area (TA) for Alkem. We cater to this segment through integration, innovation, and enhancement of our diverse Dermatology and Cosmetology portfolio. It includes moisturizers and products for acne, vitiligo, skin infections, melasma, dermatitis, alopecia, and skin revitalization. Our incredible range of formulations makes us stand out in this TA, for all the right reasons.

Keeping up with our principle of not stopping and confining ourselves, we impart updated medical education through national symposiums, international and domestic conference participation, round table discussions, and live webcasts for online discussions for the medical fraternity.

Highlights of Alkem's Dermatology portfolio:

- Melbild (our brand of Decapeptide) was the biggest launch of the segment in 2015.
- Alkem acquired Clindac-A – a leading brand in the Clindamycin topical market from Galderma.
- Renocia (our range for alopecia available as serum, shampoo, and conditioner) is an in-licensed product from South Korea – a known leader in this sector.
- We launched Olesoft-an emollient catering to various needs of moisturization.
- Olesoft Max is emerging as one of the top choices of moisturizer for atopic dermatitis.
- Kojiglo Gold is a unique combination with the promise to lighten up acne-induced hyper-pigmentation.

Some of key brands are:

- LILITUF
- PRUCROS
- RENOCIA
- CLINDAC A
- CLINDAC AP
- SUNHEAL

- HYMOS

6. Diabetology

India is the 'Diabetes capital of the world', according to a study by the Indian Council of Medical Research that shows the country now has 101 million diabetics, with a further 136 million pre-diabetic individuals¹, Diabetic cases have increased by 44 percent in four years from 70 million affected people in 2019

The average age of onset is 42.5 years. Nearly 1 million Indians die due to diabetes every year. We have a noteworthy presence in the Diabetes Therapy Area (TA) through our Diabetology and Metabolic Division. This reinforces our commitment to helping patients manage their diabetes better and improve the quality of their lives. Our leading products in this segment are Glucoryl range (Glucoryl, Glucoryl M, Glucoryl MV), Dapanorm range (Dapanorm, Dapanorm M, Dapanorm Duo, Dapanorm Trio), Alsita range (Alsita, Alsita M, Alsita MP), Euclide range (Euclide-XR, Euclide – M), Gluvilda range (Gluvida – M, Gluvida OD), Olymprix range (Olymprix M and Olymprix). Moreover, we have exclusivity to market Evogliptin (Valera, Valera M) in India. Our aim is to be a leading player in Diabetes Therapy by providing high-quality and affordable solutions to millions of diabetics across India.

Our aim is to be a key player in Diabetes Therapy by providing affordable solutions to millions of diabetics across India.

Reference : 1. Lancet Diabetes Endocrinol 2023; 11: 474–89

Some of our key brands are:

- Glucoryl
- Glucoryl M
- Glucoryl MV
- Glucoryl MP
- Valera M
- Valera
- Voglikem
- Voglikem - M
- Dapanorm
- Dapanorm M
- Euclide-XR
- Euclide – M
- Formin PG
- Gluvida – M
- Gluvida OD

- **Olymprix M**
- **Olymprix**

7. Gastroenterology

Gastroenterology is the 3rd largest therapy area which contributes 10% of the Indian Pharmaceutical Market (IPM) value.

Gastroenterology is the 3rd largest therapy area which contributes 10% of the Indian Pharmaceutical Market (IPM) value. With the changes in lifestyle and VUCA (Volatile, Uncertain, Complex, Ambiguous) environment, the therapy area is set to grow significantly in the upcoming 10 years.

Alkem has always believed to evolve as per the need of the therapy and currently, Alkem holds 7% of the total revenue generated by this TA.

At present, Alkem is the 3rd largest company in the GI Therapy Area (TA) of IPM.

Alkem has built its trust by developing several products for GI disorders like GERD, gastric ulcers, anti-emetic, constipation, hyperacidity, diarrhea, worm infestation, etc.

Some of the highlights of Alkem's Gastroenterology portfolio are

- **PAN is the No.1 ranked brand in sales value in PPI market***
- **Extending treatment options in Refractory GERD with a new launch PAN 80.**
- **PAN-D is the No.1 ranked brand in sales value in PP I+ Domperidone market***
- **Obetohep is the No.1 ranked brand in sales value in Obeticholic acid market***
- **Ondem is the most preferred antiemetic and has been maintaining its leadership position in the respective segment.**
- **Emty is the 3rd largest value brand in the Lactulose market***
- **Rifakem, an intelligent gut antibiotic is focusing on infectious diarrhea/IBS-D.**
- **Noworm, a brand of Albendazole, is holding the 2nd position in the respective market.**

8. Gynaecology

We dedicatedly cater to the gynaecology specialty and offer products for infertility and antenatal care. We also offer products for supportive care like vitamins and minerals.

We impart medical education through seminars, webinars, and various detection camps. At Alkem, we believe in continuous innovation and technology-driven gynaecology therapy for a better and healthier tomorrow.

Few achievements as an outcome of our product offerings:

- **Hemfer, our pioneer brand since the inception of the women's care division in Alkem, is valued at Rs. 70 crores on a MAT basis.**

- Evacure ranked 2nd in the launch year 2015-16, ensuring a strong presence in the PCOS segment.

At Alkem, we believe in continuous innovation and technology-driven gynaecology therapy for a better and healthier tomorrow.

9. Oncology

Cancer is characterized by uncontrolled cell growth. In some cases, cancer can metastasize i.e., spread to different parts of the body. It is one of the deadliest diseases and requires immediate medical attention. Despite the availability of several anticancer drugs (oncology drugs), a lot is yet to be discovered.

Oncology is the branch of medicine that deals with the prevention, diagnosis, and treatment of cancer. Alkem has dedicated a division for anticancer products, which is christened 'Oncology Division'. The Oncology division has been in existence for over 17 years. As far as anticancer medicines are concerned, Alkem Oncology has hormonal preparations, cytotoxic drugs, and targeted therapeutic drugs in its portfolio.

Alkem Oncology offers three biosimilar drugs i.e., Rituximab (Cytomab), Bevacizumab (Advamab), and Trastuzumab (Hersima). All of these are monoclonal antibodies.

Rituximab is highly recommended by oncologists as the targeted therapy for the treatment of non-Hodgkin lymphoma (NHL) and autoimmune disorders like rheumatoid arthritis (RA). Bevacizumab is used as a targeted therapy in the advanced stages of colorectal cancer and recurrent ovarian cancer.

Trastuzumab is used as a targeted therapy in HER2 +ve Breast Cancer and HER2 +ve Gastric Cancer. Enzene Biosciences, a dedicated research unit of Alkem Laboratories, is currently working on a number of monoclonal antibodies. Also, there are several other biosimilar drugs in the pipeline. Alkem Oncology offers three biosimilar drugs i.e. Rituximab (Oncology), Bevacizumab (Advamab), and Trastuzumab (Hersima). All of these are monoclonal antibodies.

10. Ophthalmology

11. Alkem Laboratories announces its entry into the field of Ophthalmology with the launch of an extensive portfolio of affordable and quality eye care products.
12. The launch of the Ophthalmology portfolio highlights Alkem's commitment to innovation and its dedication to meeting the diverse needs of patients suffering from various eye conditions. Blindness is a major obstacle in the lives of people. Asia has the largest number of blind people in the world. In Asia, India is home to a third of the world's blind population. Cataract is one of the leading causes of blindness and with awareness, the number of cataract surgeries being performed per year in India is phenomenal, thereby setting a world record.
13. The other causes of blindness are glaucoma, uncorrected refractive errors, AMD, and diabetic retinopathy among others. Dry eye is becoming a major concern not only for the adult population, but also

for the young ones due to an increased usage of digital platforms like mobiles, tablets, and computers.

14. In addition, Alkem Eyecare aims to enhance the knowledge and awareness of patients by introducing a specially designed dedicated patient education website. The website has Mr. Sight – an expert meant to impart information about various eye diseases in 12 Indian languages (for the 1st time in India).
15. Alkem Eyecare aims to ensure that patients across India have access to quality eye care formulations at affordable prices to elevate the standard of eye care and improve the overall well-being of patients.
16. In addition, Alkem Eyecare aims at enhancing the knowledge and awareness of patients by introducing a specially designed dedicated patient education website. The website has Mr. Sight – an expert meant to impart information about various eye diseases in 12 Indian languages (for the 1st time in India).
17. Alkem introduces a line-up of brands targeting key therapeutic categories for ophthalmology segment launch like dry eye and anti-infectives.

11. Respiratory

Staying true to our philosophy of 'Extended Lifecare Beyond Boundaries', Alkem launched Pulmocare – a division dedicated to enhancing awareness, diagnosis, and management of lung diseases. As per the Global Burden of Diseases data and other research; out of nine crore patients suffering from lung diseases, only 1 crore have access to the right management and lung care in India. The causes of high lung disease burden are underutilization of diagnostic tools like spirometry, patient ignorance about the disease, and delayed healthcare.

Pulmocare's goal is to bridge this massive gap in accessibility to lung care through comprehensive education and awareness initiatives. Health loss leading to deaths or disability-adjusted life years (DALY's) can be managed effectively with proper care for lung health. The launch of Pulmocare is a step in that direction. We believe everyone

deserves to have healthy lungs. Since chronic respiratory management requires 90% education and just 10% medication, we created

[www.thehealthylungs.com](<https://thehealthylungs.com/>), a website dedicated to enhancing awareness, busting myths, improving knowledge about inhalation techniques, and motivating patients to adhere to the therapy.

Healthy Lungs is a comprehensive patient education and adherence programme that will work online and offline with various stakeholders to improve awareness, disseminate the right knowledge, and improve the overall quality of respiratory care in India.

12. Rheumatology

Rheumatic diseases often affect one's joints tendons, ligaments, bones, and muscles. Among them are many types of arthritis, a term used for conditions that affect the joints.

Sometimes they're referred as musculoskeletal diseases and common symptoms include:

- Joint pain
- Loss of motion in a joint or joints
- Inflammation -- swelling, redness, and warmth in a joint or affected area

Common Rheumatic Disorders

There are more than 200 rheumatic disorders but most common of them are as follows -

- Osteoarthritis
- Rheumatoid arthritis (RA)
- Lupus
- Spondyloarthropathies – Ankylosing spondylitis (AS) and psoriatic arthritis (PsA)
- Gout
- Sjogren's syndrome
- Scleroderma
- Infectious arthritis
- Juvenile idiopathic arthritis

Diagnosis: Inflammatory diseases often require medical diagnosis to help spot signs and symptoms of the disease which can include eye test, X ray, MRI.

Blood tests can show signs of inflammation including • Erythrocyte sedimentation rate • C-reactive protein • Complete blood count • HLA-B27

Inflammatory diseases can't be cured, but a qualified clinician can initiate the right treatment after diagnosis of the disease. Inflammatory diseases are completely treatable if your clinician initiates early treatment.

Alkem has taken the following initiatives to ensure enhanced care of RA patients: To raise social awareness on inflammatory diseases with the help of various patient educational media- patient education leaflets, posters, newspaper articles, and patient educational meets.

For disease diagnosis and prevention

To pin down the disease at an early stage, Alkem organizes various detection camps

For stopping the disease progression – Alkem entered the biosimilar segment and introduced brands like MABVINRA injection (Adalimumab) for patients with immunomodulatory diseases, 1st time in India JAK inhibitor TOFE (Tofacitinib 5mg) oral tablets, and Denu (Denosumab 60mg/ml Injection) for subcutaneous use once in 6 months.

Today, with the help of strategic initiatives, Alkem is continuously innovating and working in the direction of inflammatory disease awareness, its diagnosis, and management

13. Urology

Alkem Urology was launched in July 2017 to cater to this super special speciality. In just two years, it has established itself as a serious player in the market, ranking 11th in RPM (IMS July 19). We have a noteworthy presence in anti-BPH, stone management, OAB (Overactive Bladder), and erectile dysfunction therapies offering innovative solutions for unmet patient needs.

We launched the first tablet formulation of the Silodosin and Dutasteride combination.

Some of our key Brands are:

- **Anti BPH:**
Maxvoid Plus
- Maxvoid
- Tamsukem D
- Tamsukem
- **Stone Management:**
Tamsukem Plus
- **OAB Management – Bladder Relaxant:**
Mirakem
- Solikem

Rx Products

Alkem's competitive advantage as a manufacturer stems from its world class facilities

Alkem is known for ensuring world-class quality, meeting the best standards of pharmaceutical manufacturing, and setting new ones. We have a wide range of products spanning multiple Therapeutic Areas (TA) such as Anti-infective, Gastroenterology, Pain Relief/Analgesic, Anti-diabetic, Cardiology, Dermatology, Neurology/Central Nervous System (CNS), and Vitamins, Minerals, and Nutrition. While climbing the ladder of growth, we kept adding new formulations, but no product made it to the list without promising impeccable quality. Over the last five decades, we have successfully explored new territories and consolidated our position in every segment we entered by launching the best products to ensure a healthier tomorrow. Alkem takes pride in prioritizing the welfare of people, every step of the way.

ZITHIUM-O	Anti-infective	ZITHIUM O TABLETS (5's)	Azithromycin 500mg + Ofloxacin 400mg Sr
ZITHIUM-O	Anti-infective	ZITHIUM O BD TABLETS (10's)	Azithromycin 250mg + Ofloxacin 200mg Tabs
ZOCEF	RTI / UTI / SSTI	ZOCEF 500	Cefuroxime axetil 500mg tablets
ZOCEF	RTI / UTI / SSTI	ZOCEF 250	Cefuroxime axetil 250mg tablets
ZOCEF	RTI / UTI	ZOCEF 125	Cefuroxime axetil 125mg tablets
ZOCEF	RTI / UTI	ZOCEF Dry Syrup	Cefuroxime axetil 125mg/5ml suspension
ZOCEF	RTI / UTI / SSTI	ZOCEF 1.5gm Inj	Cefuroxime sodium 1.5gm injection
ZOCEF	RTI / UTI / SSTI	ZOCEF 750mg Inj	Cefuroxime sodium 750mg injection

ZOCEF	RTI / UTI / SSTI	ZOCEF 250mg inj	Cefuroxime sodium 250mg injection
ZOCEF	RTI / UTI / SSTI	ZOCEF-CV 500	Cefuroxime axetil 500mg + clavulanic acid 125mg per tablet
ZOCEF	RTI / UTI / SSTI	ZOCEF-CV 250	Cefuroxime axetil 250mg + clavulanic acid 125mg per tablet
ZOCEF	RTI / UTI	ZOCEF-CV Dry Syrup	Cefuroxime axetil 125mg/5ml + clavulanic acid 31.25mg/5ml suspension

US Formulations

Facilities	No. of Facilities	Manufacturing Capabilitie
------------	-------------------	------------------------------

Amlodipine & Olmesartan Medoxomil Tablets	Antihypertensive	5/20mg; 5/40mg; 10/20mg; 10/40 mg
Amlodipine Besylate Tablets	Antihypertensive	2.5mg; 5mg; 10mg
Aripiprazole Tablets	Antipsychotic	2mg; 5mg; 10mg; 15mg; 20mg; 30mg
Atorvastatin Calcium Tablets	Hypolipidemic	10mg; 20mg; 40mg; 80mg
Azathioprine Tablets	Immunosuppressant	25mg; 50mg; 75mg; 100mg
Azelastine Hydrochloride Nasal Spray	Antihistaminic	Eq 0.125 mg Base/Spray
Benzonatate Capsule	Antitussive	100mg; 150mg; 200mg
Capecitabine Tablets	Antineoplastic	150mg; 500mg
Cefidinin Capsules	Antibiotic	300mg

Cefidintr Oral Suspension	Antibiotic	125mg/5ml; 250mg/5ml
Cefixime Capsules	Antibiotic	400mg
Cefpodoxime Proxetil Tablets	Antibiotic	100mg; 200mg
Cefuroxime Axetil Tablets	Antibiotic	250mg; 500mg
Cephalexin Capsules	Antibiotic	250mg; 333mg; 500mg; 750mg
Cephalexin Oral Suspension	Antibiotic	125mg/5 ml; 250mg/5 ml
Chlordiazepoxide HCL & Clidinium bromide Capsules	Antipsychotic	5mg;2.5mg
Chlorthalidone Tablets	Anti-Hypertensive	25mg; 50mg
Cholestyramine Light Oral Suspension	Bile Acid Sequestrant	4gm/scoopful; 4gm/packet

Cholestyramine Oral Suspension	Bile Acid Sequestrant	4gm/scoopful; 4gm/packet
Cinacalcet Tablets	Calcimimetic	30mg; 60mg; 90 mg
Clobazam Oral Suspension	Antiepileptic	2.5mg/ml
Clobazam Tablets	Antiepileptic	10mg; 20mg
Colchicine Tablets	Anti-Gout	0.6mg
Colesevelam Hydrochloride Oral Solution	Bile Acid Sequestrant	3.75mg/pack
Colesevelam Hydrochloride Tablets	Bile Acid Sequestrant	625mg
Dalfampridine ER Tablets	Neurofunctional Modifier	10mg
Deferasirox granules	Iron Chelators	90mg; 180mg; 360mg
Deferasirox Tablets	Iron Chelators	90mg; 180mg; 360mg

Deferasirox Tablets for Suspension	Iron Chelators	125mg; 250mg; 500mg
Dexmethylphenidate Hydrochloride Tablets	CNS Stimulant	2.5mg; 5 mg; 10 mg
Diclofenac potassium for Oral solution	Analgesic	50mg
Dronabinol Capsule	Antiemetic	2.5mg; 5mg; 10mg
Droxidopa capsules	Vasoconstrictor	100mg; 200mg; 300mg
Duloxetine DR Capsules	Antidepressant	20 mg; 30 mg; 60 mg
Esomeprazole Magnesium DR Capsules	Proton Pump Inhibitor	20mg; 40mg
Everolimus Tablets	Immunosuppressant	0.25mg; 0.5mg; 0.75mg;0.1mg

Ezetimibe & Simvastatin Tablets	Hypolipidemic	10/10 mg; 10/20 mg; 10/40 mg; 10/80 mg
Ezetimibe Tablets	Hypolipidemic	10mg
Famotidine Tablets	H2 Blocker	20mg; 40mg
Fesoterodine ER Tablets	Antimuscarinics	4mg; 8mg
Finasteride Tablets	Benign Prostatic Hypertrophy	1mg; 5mg
Fingolimod HCl Capsule	Immunosuppressant	0.5mg
Fosfomycin Tromethamine Granules	Antibiotic	3g
Gabapentin Capsules	Antiepileptic	100mg; 300mg; 400mg
Gabapentin Tablets	Antiepileptic	600mg; 800mg
Hydralazine Hydrochloride Tablets	Anti-Hypertensive	10 mg; 25 mg; 50 mg; 100 mg

Ibuprofen & Famotidine Tablets	Analgesic	800mg;26.6mg
Ibuprofen Tablets	Analgesic	400mg; 600mg; 800mg
Isoniazide Tablets	Anti-Tuberculosis	100 mg; 300 mg
Itraconazole Capsules	Antifungal	100mg
Lacosamide Oral solution	Anticonvulsants	10mg/ml
Lacosamide Tablets	Anticonvulsants	50mg; 100mg; 150mg; 200mg
Lamotrigine Tablets	Antiepileptic	25 mg; 100 mg; 150 mg; 200 mg
Lansoprazole DR Capsules	Proton Pump Inhibitor	15mg; 30mg
Levetiracetam Tablets	Anticonvulsants	250mg; 500mg; 750mg; 1000mg
Lidocaine Ointment	Local anesthetic	5%
Linezolid Tablets	Antibiotic	600mg

Lurasidone HCl Tablets	Antipsychotic	20mg; 40mg; 60mg; 80mg; 120mg
Mesalamine ER Capsules	Anti-inflammatory	375mg
Metformin Hydrochloride ER Tablets	Anti-diabetic	500 mg; 750 mg
Metformin Hydrochloride Tablets	Anti-diabetic	500mg; 850mg; 1000mg
Methadone Hydrochloride Tablets	Opioid Analgesic	10mg
Methylphenidate IR Tablets	CNS Stimulants	5mg; 10mg; 20mg
Metoprolol Succinate ER Tablets	Beta Blocker	25mg; 50mg; 100mg; 200mg
Minocycline Hydrochloride ER Tablets	Antibiotic	45mg;55mg; 65mg; 80mg; 90mg; 105mg; 115mg; 135mg

Morphine Sulphate Tablets	Opioid Analgesic	15mg; 30mg
Mycophenolate Mofetil Capsules	Immunosuppressant	250mg
Mycophenolate Mofetil Oral Suspension	Immunosuppressant	200 mg/ml
Mycophenolate Mofetil Tablets	Immunosuppressant	500mg
Mycophenolic acid DR Capsules	Immunosuppressant	180mg; 360mg
Nebivolol HCl Tablets	Beta Blocker	2.5mg; 5mg; 10mg; 20mg
Nifedipine ER Tablets	Calcium Channel Blocker	30mg; 60mg; 90mg
Nimodipine Capsules	Anti-Hypertensive	30mg
Olanzapine Tablets	Antipsychotic	2.5 mg; 5 mg; 7.5 mg; 10 mg; 15 mg; 20 mg

Olmesartan Medoxomil Tablets	Anti-Hypertensive	5mg; 20mg; 40mg
Oxycodone Hydrochloride Oral Solution	Opioid Analgesic	5 mg/5 mL; 100mg/5mL
Pregabalin Capsules	Antiepileptic	25mg; 50mg; 75mg; 100mg; 150mg; 200mg; 225mg; 300mg
Pregabalin Oral Solution	Antiepileptic	20mg/mL
Quetiapine Fumarate Tablets	Antipsychotic	25 mg; 50 mg; 100 mg; 150 mg; 200 mg; 300 mg; 400 mg
Rabeprazole Sodium DR Tablets	Proton Pump Inhibitor	20mg
Ranolazine ER Tablets	Anti-anginals	500mg; 1gm
Rasagiline Mesylate Tablets	Anti Parkinson's Disease	0.5 mg; 1 mg

Riluzole Tablets	Neuroprotective	50mg
Rizatriptan Benzoate Tablets	Anti Migrane	5 mg; 10 mg
Rosuvastatin Calcium Tablets	Hypolipidemic	5 mg; 10 mg; 20 mg; 40 mg
Rufinamide Oral suspension	Anticonvulsants	40mg/ml
Silver Sulfadiazine Cream	Topical Antibiotic	1%
Sirolimus Tablets	Immunosuppressant	0.5mg; 1mg; 2mg
Solifenacin Succinate Tablets	Overactive Bladder	5mg; 10mg
Tacrolimus Capsules	Immunosuppressant	0.5mg; 1mg; 5mg
Tamsulosin Hydrochloride Capsules	Benign Prostatic Hypertrophy	0.4mg

Tizanidine Hydrochloride Capsules	Skeletal Muscle Relaxant	2mg; 4mg; 6mg
Tizanidine Hydrochloride Tablets	Skeletal Muscle Relaxant	2mg; 4mg
Tobramycin Inhalation Solution	Antibiotic	300mg/5ml
Tolvaptan Tablets	Vasopressin Receptor Antagonist	15mg; 30mg; 60mg
Tramadol Hydrochloride & Acetaminophen Tablets	Analgesic	37.5/325 mg
Triamcinolone Acetonide Cream	Corticosteroid	0.025%; 0.1%; 0.5%
Valsartan Tablets	Anti-Hypertensive	40 mg; 80 mg; 160 mg; 320 mg
Venlafaxine HCl Tablets	Antipsychotic	37.5mg; 75mg; 150mg; 225mg

Vigabatrin for Oral Solution	Anticonvulsants	500mg/packet

Overview

The journey started with a small step that originated with the idea of increasing Alkem's global footprint. And it eventually turned into a giant leap. For Alkem Labs, the United States is the focal point of international operations. In this stride, we have cumulatively filed more than 125 ANDAs with the US FDA. Alkem markets and sells products in the United States under its wholly-owned subsidiary, Ascend.

Other international operations include markets like LATAM, Europe, Africa, CIS, Southeast Asia, and Australia. Our products are marketed in about 50 international markets, directly through our subsidiaries and indirectly through active engagements with other organizations.

We are constantly looking forward to product in-licensing and out-licensing opportunities in several emerging markets. This helps us leverage our product portfolio and sales and marketing infrastructure.
